# Program Evaluation Report / Feedback

## Workshop on “Scientific Writing & Publications”

Total Response: 26

1. What is your overall assessment of the workshop?

2. Did the workshop achieve its objectives?

3. Did the Knowledge and information gained from participation in this workshop had meet your expectations?

4. Will the knowledge and information gained from participation in this workshop be useful / applicable in your work in the future?

5. Which topics or aspects of the webinar did you find most interesting or useful?

- Everything the desertation writing and to indenting if the journal is indexed or not very helpful
- Web of science and Scopus
- To Find the Indexed Article
- How to search for indexed journals and where to publish. How to write dissertation
- How to search index journal
- Regarding journal
- Regarding predatory journals and journal citation

6. Were the training activities engaging?

7. Do you think that the workshop is successful?

8. How do you think the workshop could have been made more effective?

- This was amazing on its own
- Should have been given one more day
- If it had been conducted earlier we would have finished our dissertation as early as possible
- More details about the journals
- By splitting topics into half and having workshop for two days either forenoon or afternoon

9. Comments and suggestions (including activities or initiatives you think would be useful, for the future?)

- It was very informative as it was
- Good initiative for exam going post graduates
- Conduct this workshop along with publication metrics workshop so that postgraduate can start there dissertation and publication earlier.
- Conducting more workshops like this
- Well organised and informative
