IN-PATIENT DEPARTMENT :

All patients are admitted to the general wards of the hospital and are treated free costs. Only one attendant is allowed to stay with the patient. Visitors are allowed only at the following hours of the day :

Morning : 6:00 AM. to 8:00 AM.

Evening : 3:00 PM. to 7:00 PM.

This is in the interest of the patients and we urge you all to cooperate with us. Lift is available for the patients use.

The Hospital Pharmacy department monitors the distribution of required drugs to the hospital and also have a 24 x 7 functioning emergency pharmacy store.

Staff Nurses and supporting staff are on shift duty round the clock. After the duty hours, the duty doctors are available.

INVESTIGATIONS

Sample collection timings :

Round the Clock – 24 x 7

The hospital has an array of modern laboratories with stateof- the-art equipments. Trained laboratory staff provide proper assistance and guidance to the students.

We have a fully automated haematology and ELISA machine, Flouoresent microscope, Biosafety level 2, BOD incubator , Inspissator, Deep freezer etc.

Laboratory Services for essential emergency investigations are available round the clock.

Sample collections for routine investigations are done in a room meant specifically for them in case of outpatients. However, for special investigations, the patients will be directed to relevant department (Pathology, Microbiology, Biochemistry, etc) by the treating doctor or his supporting staff.

Our endeavour is to maintain the best standards in the methods of investigations by means of suitable external quality controls and checks.

- Laboratory reports are made available within the shortest possible time which will be specified in the patients reports/slips.
- Radio Diagnostic services like X –Rays are taken 24 x 7 and reports are given within shortest time.
- MRI / CT Scan are taken round the clock.
- ECG facility is made available both at the OPD block in the cardiology and for emergency services at the bed side of the patient too.

BLOOD BANK & PHARMACY FACILITIES

Our focus is economically disadvantaged groups, including both the rural and the urban backward areas. We extend our services to them through satellite clinics.

The hospital is a healthcare centre with comprehensive facilities to support its endeavour to provide the best care. Among these is a sophisticated blood bank that accepts donor blood to meet the needs of patient's requirements. A wellstocked 24 hour pharmacy and round-the-clock laboratory services are others. We have separate Blood Donors club.
